Weekly Activity and Progress Report – CS 442 Group 11 for Week 9

Group Members: Frank Mensah, David Serrano, Michael Jedziniak, Vibha Navale

Weekly In-Person Review Meeting

- When: 2:00pm – 3:00pm on March 5th, 2024
- Where: Library 2nd Floor
- Missing (why) : N/A
- Late (why) : N/A

Recent Progress

- Frank:
  - Searched for Job APIs, created documentation about the APIs
  - What we need: designation/role, company, location, salary, description, skills, job type (part-time, full-time, etc), links to apply
  - Finished script for Job API
- David:
  - Reviewed Vibha's MR - Lint rules
  - Reviewed Frank's MR and started implementing the new housing API that Frank made. Unfortunately there was a bug that created a roadblock for me, so I couldn't finish implementing the changes on time.
- Michael:
  - Changed some files from px to rem (button, foot, card components).
  - Updated global css variables and removed redundant css
- Vibha:
  - Worked on adding Prettier lint rules for the entire project and formatted it accordingly.
  - Looked into login page designs.

Current Action Items (Work In Progress)

- Frank:
  - Begin working on Job Page (specifically connecting and displaying job data on job page)
- David:
  - Start search bar implementation & abstract it to be used in Job section
    - Add and style all necessary filters in housing search
    - Improve search implementation
      - Add usability features to ensure the user understands their query.

- ○ Finish implementing new housing API that Frank made
- Michael:
  - ○ Streamline Design System (continuing)
    - ■ Modify CSS files to have organized classes
    - ■ Switch units of CSS variables to be rem instead px
    - ■ Choose a color scheme using the 60-30-10 guideline
- Vibha:
  - ○ Continue working on login page
    - ■ Add pop up when the user tries saving a job or for document upload.
